

SEARCHWORKS

SearchWorks 360 is one of the largest Data Aggregators in South Africa.

Within our application, SearchWorks, we can provide you with various information on Individuals, Businesses, Trust, Property Data, Credit Data and other Assets, which can be used in your business to Verify information and ensure compliance with various legislations, including the FIC Act.

We have access to a wide variety of reputable data sources such as the Deeds Office, CIPC, 6 Credit Bureaus and other trusted suppliers.

We have more than 150 different search types that can be executed on our system. All searches are available via an API or on the SearchWorks Front End.

SearchWorks is a web-based product and can be used from anywhere if you have internet access.

Accountants, Auditors, Attorneys, Auctioneers, Bond Originators, Bureau's, Car Dealerships, Credit Providers, Debt Collectors, Estate Agents, Financial Institution, Government, Insurance Companies, Municipalities, Property Development, Schools and Tracing Agents are just some of the clients that use data from SearchWorks to assist with their day to day tasks.
